

# EAMES *and Sons* GIVES BACK

## Eames and Sons Gives Back

At Eames and Sons, we believe it's always been about more than just roofing, siding, gutters, and windows. From day one, we've known that a business built on integrity needs to be rooted in something deeper and for us, that's Generosity.

## Built to Give

We're proud to announce our 1% Give Back Commitment, that means 1% of our total sales will go directly back into our local communities. This initiative helps families and individuals with much-needed exterior home projects they may not otherwise be able to afford. Whether it's a roof repair for a single mom, new siding for an elderly couple, or windows for a family facing tough times our goal is simple: meet real needs and make a real difference.

## Want to Give More? Join the Give Back Club

We invite every homeowner we serve to join us in giving back. When you choose Eames and Sons for your project, you'll have the opportunity to become part of our Give Back Club. For a minimum donation of \$100 added to the cost of your project, you'll receive:

- Exclusive access to the stories and lives changed by your generosity
- Updates and photos from the homes and families you're helping
- The satisfaction of knowing you were part of something bigger

**Homes are where life happens, where families grow, memories are made, and communities take root. Helping someone restore, protect, or improve their home isn't just construction, it's compassion in action. Thank you for trusting Eames and Sons. Together, we're building more than homes. We're building hope.**
